Mayor Klein, Trustees Becker, Yoch, Smallwood, Becherer, and Rogers were present. Trustee Elbe was absent. The meeting was called to order at 7:08pm.

Mayor Klein informed the board that the advertisement for the Street Supervisor position will be in the Freeburg Tribune January 31 and February 7, 2019. The deadline to submit resumes and applications will be February 18, 2019. The board agreed not to advertise in the Belleville News Democrat unless no one is found from the Tribune ad.

Mayor Klein reminded the board that they had discussed eligible streets in town for the next Community Development Block Grant. He informed the board that Engineer Saeger stated that High Street between Barker and Buchanan Street are already involved in the current CDBG project. The portion from East Fischer down to Buchanan is also involved. The only section that would still be under the income survey is North East Street. The board suggested not applying for CDBG on N. East Street improvements.

Mayor Klein informed the board that Lloyd Voyles came in to talk to him about the possibility of coming back to work for the Village part-time. The trustees agreed to wait on making a decision about part-time employees.

Trustee Becherer informed the board that the dialer at the intersection of Franklin and South Main is not functioning and will need to be replaced. It is one of the dialers that the board had discussed replacing in the future. Becherer stated that it would be more cost effective to purchase two dialers and have them installed. The cost would be $5,065.00. Mayor Klein and the board decided to have Engineer Saeger schedule the repair and put the item on the agenda for the next Board meeting.

CODE BOOK UPDATE – The Mayor and the board reviewed the Code Book. There will be an Ordinance Committee meeting on 2-6-19 at 6:30pm to discuss Codification.

Meeting was adjourned at 9:15pm.
